

Recording data

Tally chart

- An easy way to keep count
- Quick and easy to total at the end
- Record lines in sets of five – draw a line for each answer, with each fifth line crossing diagonally through the first four
- Count tally in fives (need to know your 5x table)
- The number of tallies = the frequency

Student travel	Tally	Frequency
Bus	 	28
Car	 	26
Cycle	 	18
Walk	 	22
Taxi		2
Other		1
